

The Stellar ITS

Performance Factsheet Q1 2025

The Stellar ITS generated an annualised return of 3.47% in the three months to 31 March 2025 which is in line with target expectations.

The Stellar ITS Cumulative Performance

The Stellar ITS Discrete Performance to 31 March 2025

Period	Performance
5 Year	19.62%
3 Year	11.91%
1 Year	3.30%
Q1 2025	3.47%*
2024	4.14%
2023	3.16%
2022	3.74%
2021	-0.17%
2020	9.19%
2019	10.71%
2018	11.47%
2017	6.30%
2016	6.38%

Please note that the past performance is calculated on the basis of a Stellar service that was repositioned on 1 May 2021 as The Stellar ITS. The higher and lower targets are based on a previous target return to 30 April 2021 and then either The Stellar ITS higher or lower targets since that date. These figures do not take into account any initial or any adviser fees (either initial or ongoing). Investors should note that past performance is not a reliable indicator of future performance and investors should not rely upon past performance when considering whether or not to invest in The Stellar ITS.

* Represents Q1 2025 annualised return.

Investment Strategy

Our investment strategy offers a unique, style-diversified approach built on an unconstrained, bottom-up process.

We partner with incentivised experts through joint ventures, leveraging specialist knowledge to uncover off-market opportunities. With a strong focus on buying off-market and selling on-market, we aim to deliver equity participation and real returns for clients.

Disciplined selling and extensive experience underpin our commitment to consistent capital recycling and value creation for investors.

Sector Allocation as at 31 March 2025

The cash position is inflated due to a corporate loan redeeming at the end of the quarter. We have several opportunities to which funds will be reallocated throughout Q2 2025.
